PROFESSIONAL EXPERIENCE

Web Developer (Jan 2021 - Present)
Bsolus - Braga, Portugal

I specialize in the development of e-commerce platforms, catering to both B2B and B2C markets. Within my current role, I am engaged in a spectrum of responsibilities ranging from technical support to innovative development initiatives.

Primarily focused on backend operations, I also actively contribute to frontend tasks to ensure optimal project completion and efficiency.

As a member of a small team, I am intricately involved in various facets of the company's operations, thereby acquiring comprehensive knowledge across multiple domains. Many of the projects I undertake involve customisations tailored to meet the unique requirements of our clients.

My versatile skill set and hands-on experience allow me to effectively adapt to dynamic project requirements and contribute to the overall success of our initiatives.

On a daily basis, I engage with a diverse range of technologies, including:

- PHP
- JavaScript
- NodeJs
- mySql
- jQuery
- Docker
- Rabbit
- Redis
- Agile Methodology
